

# Center Circle's 5v5 Youth Summer League

June 7<sup>th</sup> - July 22<sup>nd</sup>

It's that time, the 5v5 Summer League is back for the second year and we plan it being bigger and better than ever.

## **What Is 5 a side?**

It's something played in many other countries and is used as a development tool for players to get more touches on the ball, short quick on the ground passing, and for encouragement of 1v1 skills. In order to help encourage player development and fun, we are making the league **COACHLESS**. Also we are allowing the players to pick their own teams (up to 9 players a team).

## **Who can play on a team?**

The teams may be comprised of players from your current club, other clubs, or as well as different ages (ex. 10, 11, and 12 year old players can all play on the same team). Who a team consists of is completely your own choice. The players make their own team, make their own subs, make their own team name, and coach themselves (but not referee themselves, fear not we will have very qualified referees). Also there will be no standings kept. Our vision is to give the players a stress free environment that encourages creativity and inventiveness, emulating that which makes countries such as Brazil so successful.

## **League/Season Info**

The league will be a 6 game season and the team will play either on Monday/Tuesday (Girls) or Wednesday/Thursday (Boys/Coed) evenings. We filled up the two day a week schedule last year and we anticipate even more teams this year. Each game will consist of 2 – 20 minute halves and will begin at 5:00 pm and end no later than 8:00 pm (sundown) We will start the June 7th and end July 22nd, which allows us 7 weeks to finish games in case of rainouts. One requirement for players is that they are currently registered with either US Club Soccer or TN Soccer. If the players are not registered with an organization we can get them registered but we will need their birth certificate. Players currently playing club soccer are already registered with one organization or the other and we will just need their player card number.
