

Instructions to look up game score on your mobile!

1. Go to your mobile browser and search getsoccer.
Alternatively you can go to the app store.
2. A mobile version of getsoccer should pop-up once you click it.
3. Then click on Menu icon in top right hand corner, and then click on 'login' on the bottom of then menu.
4. Then click on "**Schedules and Results**" button in the bottom left hand corner.
5. Then you need to search the event by month and name. Once you put in month (Sept) all you need to enter is 'Rose' and the event will pop up.
6. Click on the mini banner and you are good to go!!

The page should stay in your mobile browser for future reference.
